Overview of Program

The **Gift to Succeed Scholarship** program is part of the Training initiative of Sierra Visions, Inc's Five-T Module. The organization will provide scholarships to students attending tertiary institutions throughout Sierra Leone.

It is our hope that the number of scholarships given to students will increase every year. In the organization's first year of implementing this program, it was able to give four scholarships to deserving vocational school students.

In 2004 our goal is to raise \$2000 in scholarship funds for eligible students in Sierra Leone. With the provision of this scholarship, Sierra Visions wants to contribute to the increase in the human capital that was so devastatingly lost as the result of the civil war.

Recipients of Scholarship

The members of Sierra Visions, Inc pursue students who will make significant contributions to the Sierra Leonean society. Eligible applicants must excel academically, exhibit exceptional leadership potential, and write a compelling essay on a topic provided by the organization.

Three students from New Life Project received scholarships in 2003

Rules

- Scholarship available for both male and female students;
- Friends and family of Sierra Visions members are not permitted to participate
- Student must be enrolled in tertiary institution or last yr in secondary school with intention of enrolling in tertiary institution
- School representative must sign school records
- Student can receive a minimum of \$100. Student will receive scholarship towards tuition. Amount receipt depends on cost of tuition.
- Student must apply for scholarship every year to receive recurring scholarship.

As I am on the verge of completing my courses, I would have spent a lot of expenditures in paying my school fees, computer fees, transportation, and other things, which, with this money, will go a long way to settle.

Thank you very much for your support...
